
1976 AIR LINE PILOT

AUTHORS

Allen, William J.: The magnificent old man & his flying machine, Jan.

Appleman, John Alan: The investment part of estate planning, Oct.

Barnes, Billy E.: From right seat to front desk, March.

Bennett, John T., Jr.: Stock market outlook: promising but vulnerable, June.

Bergin, Dr. Kenneth G.: The effects of fatigue on health and flight safety, July.

Bjurman, George D. & Assoc.: Stock market outlook: Cautious optimism, June.

Bruggink, Gerard, M.: Defensive flight management, Feb.

Burkhardt, Robert: Solving the control riddle, Dec.

Cannon, Sen. Howard W.: The plight of American flag carriers, Jan.

Christy, Joe: The many careers of Captain Meyers, Feb.

Coleman, Martha: Thunderstorm low-level wind shear, Nov.; Experience *is* the best teacher, Dec.; William Allan Patterson: Aviation's man of the year, Dec.

Darden, Ellington, Ph.D.: Run for your life, March.

Darlington, George W.: Pilot's brainchild at 15, April; MAP creates more losers than winners, July.

Davis, Henry C.: Drag boat pilot, May.

Davis, Lou: The Denver AWA conference, Aug.

deVoursney, Andrew M. And to the future, June.

Farrar, Fred: Bomb threat? Use sniffers, July.

Feldman, Joan: Why our air stance wobbles, Jan.; Who rules the air, States or Feds? June.

Foxworth, Thomas G.: Automatic performance reserve, Jan.; Energy management approach, Feb.

Glines, C. V.: IFALPA's man at ICAO, Jan.; ICAO's new home, Jan.; Aviation decision maker: John L. McLucas, Feb.; Mirabel: Montreal's bold new airport, Feb.; Boeing's junior jumbo, March; TWA 514 . . . cleared for approach, March; ALPA PAC, April; Those Flying Tigers, May; STOP is still go, May; Aviation decision maker: Rep. Dale Milford (D-Tex.), May; "Schedule with safety" is more than a slogan, June; A look at the past, June; Aviation's mecca is a dream realized, July; Tower of Babel, Aug.; A rebuttal to "probable cause," Aug.; Around the world in forty hours, Aug.; An air safety dialogue, Sept.; A salute to pioneer airline pilots, Oct.; Killer cargo, Oct.; Here's the Concorde! Oct.; Probable cause: Pilot fatigue? Nov.; Aviation decision maker: William T. Coleman, Jr., Nov.

Haggerty, James J.: Deregulation is a bomb! May.

Hewes, Capt. B. V.: Cutting the odds of survival, April.

Hopkins, George E.: Passengers away!, Feb.; ALPA wins its legislative wings, Sept.; Howard Hughes (1905-1976); ALPA member, Oct.

Kelleher, Anne: Dear ALPA, Jan.; Jenny's a beauty again! Nov.

King, James T., M.D.: Run for your life, March.

Kocivar, Ben: Aloha, the spirit of Aloha, Sept.

Litchford, George B.: Avoiding midair collisions, Feb.; Restructure the ATC system, Dec.

Lockhart, Saul: Junk style living, Oct.

Lovell, James A.: Call for physical fitness, May.

MacMaster, Frederic: Pan Am's China man, Aug.

Martinez, Esperison: ONA celebrates bicentennial, Jan.

Matson, Dr. Wayne R.: Aerospace education: What is its value? Dec.

McCarthy, Dan B.: Ike's Stearman time and the Streetcar, July.

Meyer, Kenneth R.: Bond news is mixed, June.

Mielke, Maj. John D., USAF: A flight examiner's dream, Feb.

Miller, C. O.: Pilot error by "design," Oct.

Miller, Ron: Lindsay Crawford races the clock, Aug.

Morgan, Capt. Len: On where to settle after sixty, April.

Morgan, First Officer Terry: Where are they now? May.

Moss, Sen. Frank E. (D-Utah): Hatching a leaner pterosaur, Feb.

Nixon, Stuart: Stardust to paydirt, Jan.; Closing the safety circle, March; Beaching the shrimp boats, March; Aviation decision maker: Rep. Jim Wright (D-Tex.), March; Aviation's early warning system, April; Making savings "pay off," June; Gallery 102: The ultimate hangar, July; Mr. Mac, Aug.; Election year aviation issues, Sept.

Ober, First Officer Robert: TCA's and you, March.

O'Donnell, Capt. John J.: Pilots voice deregulation view, Sept.

Quigley, Pat: ALPA's girl Friday, Jan.

Rawlings, Capt. Barney: SQUAWKS, Aug.

Ross, Irwin: The day the *Macon* died, June.

Sallee, Donald B.: Bonds-An investment alternative, June.

Schadewald, Robert, J.: A forgotten pioneer, Nov.

Schlosser, Ron: Think fuel, save $$$, July.

Schultz, Capt. R. P.: The high profile descent, Sept.

Seymour, Miriam, O.: Retirement: New lease on living, July.

Siuru, Maj. William D., Jr., USAF: The scissor wing transport, May.

Snyder, Jim: The mail goes through again, April; Barnum would have loved it, July; Eight days east, Oct.

Steiner, J. E.: The eighteen months that matter, Sept.

Stout, C. L.: Why? Nov.

Swierenga, David: Airline performance 1966-1975, Nov.

FEATURE ARTICLES

Aerospace education: What is its value? (Matson), Dec.

Airline performance 1966-1975 (Swierenga), Nov.

An air safety dialogue (Glines), Sept.

Aloha, the spirit of Aloha (Kocivar), Sept.

ALPA PAC (Glines), April.

ALPA's girl Friday (Quigley), Jan.

ALPA wins its legislative wings (Hopkins), Sept.

And to the future (de Voursney), June.

Around the world in forty hours (Glines), Aug.

Automatic performance reserve (Foxworth), Jan.

Aviation decision maker: John L. McLucas (Glines), Feb.

Aviation decision maker: Rep. Dale Milford (D-Tex.), (Glines), May.

Aviation decision maker: Rep. Jim Wright (D-Tex.), (Nixon), March.

Aviation decision maker: William T. Coleman, Jr. (Glines), Nov.

Aviation's early warning system (Nixon), April.

Aviation's mecca is a dream realized (Glines), July.

Avoiding midair collisions (Litchford), Feb.

Barnum would have loved it (Snyder), July.

Beaching the shrimp boats (Nixon), March.

Birthplace of American aviation, July.

Boeing's junior jumbo (Glines), March.

Bomb threat? Use sniffers (Farrar), July.

Bond news is mixed (Meyer), June.

Bonds-An investment alternative (Sallee), June.

Boomless fast flight, July.

Call for physical fitness (Lovell), May.

Closing the safety circle (Nixon), March.

Come fly with us/photo essay, Dec.

Cutting the odds of survival (Hewes), April.

The day the *Macon* died (Ross), June.

Dear ALPA (Kelleher), Jan.

Defensive flight management (Bruggink), Feb.

The Denver AWA conference (Davis, L.), Aug.

Deregulation is a bomb! (Haggerty), May.

Drag boat pilot (Davis, H. C.), May.

The effects of fatigue on health and flight safety (Bergin), July.

Eight days east (Snyder), Oct.

The eighteen months that matter (Steiner), Sept.

Election year aviation issues (Nixon), Sept.

Energy management approach (Foxworth), Feb.

Experience *is* the best teacher (Coleman), Dec.

A flight examiner's dream (Mielke), Feb.

A forgotten pioneer (Schadewald), Nov.

From right seat to front desk (Barnes), March.

Gallery 102: The ultimate hangar (Nixon), July.

Hatching a leaner pterosaur (Moss), Feb.

Here's the Concorde! (Glines), Oct.

The high profile descent (Schultz), Sept.

Howard Hughes (1905-1976); ALPA member (Hopkins), Oct.

ICAO's new home (Glines), Jan.

COMPLETE INDEX

IFALPA's man at ICAO (Glines), Jan.
Ike's Stearman time and the Streetcar (McCarthy), July.
The investment part of estate planning (Appleman), Oct.
Jenny's a beauty again! (Kelleher), Nov.
Junk style living (Lockhart), Oct.
Killer cargo (Glines), Oct.
Lindsay Crawford races the clock (Miller, R.), Aug.
A look at the past (Glines), June.
The magnificent old man & his flying machine (Allen), Jan.
The mail goes through again (Snyder), April.
Making savings "pay off" (Nixon), June.
The many careers of Captain Meyers (Christy), Feb.
MAP creates more losers than winners (Darlington), July.
Mirabel: Montreal's bold new airport (Glines), Feb.
Mr. Mac (Nixon), Aug.
ONA celebrates bicentennial (Martinez), Jan.
On where to settle after sixty (Morgan, L.), April.
Pan Am's China man (MacMaster), Aug.
Passengers away! (Hopkins), Feb.
Pilot error by "design" (Miller, C. O.), Oct.
Pilot's brainchild at 15 (Darlington), April.
Pilots voice deregulation view (O'Donnell), Sept.
The plight of American flag carriers (Cannon), Jan.
Probable cause: Pilot fatigue? (Glines), Nov.
A rebuttal to "probable cause" (Glines), Aug.
Report to the Federal Aviation Administration, Part I, April.
Report to the Federal Aviation Administration, Part II, May.
Restructure the ATC system (Litchford), Dec.
Retirement: New lease on living (Seymour), July.
Run for your life (Darden and King), March.
A salute to pioneer airline pilots (Glines), Oct.
"Schedule with safety" is more than a slogan (Glines), June.
The scissor wing transport (Siuru), May.
Solving the control riddle (Burkhardt), Dec.
SQUAWKS (Rawlings), Aug.
Stardust to paydirt (Nixon), Jan.
Stock market outlook: Cautious optimism (Bjurman & Assoc.), June.
Stock market outlook: Promising but vulnerable (Bennett), June.
STOP is still go (Glines), May.
TCA's and you (Ober), March.
Think fuel, save $$$ (Schlosser), July.
Those Flying Tigers (Glines), May.
Thunderstorm low-level wind shear (Coleman), Nov.
Tower of Babel (Glines), Aug.
TWA 514 . . . cleared for approach (Glines), March.
Where are they now? (Morgan, T.), May.
Who rules the air, States or Feds? (Feldman), June.
Why? (Stout), Nov.
Why our air stance wobbles (Feldman), Jan.
William Allan Patterson: Aviation's man of the year (Coleman), Dec.

SUBJECTS

Aeromedical: Run for your life, March; Call for physical fitness, May; The effects of fatigue on health and flight safety, July.
Aircraft: Boeing's junior jumbo, March; Where are they now? May; Ike's Stearman time and the Streetcar, July; Around the world in forty hours, Aug.; Here's the Concorde! Oct.; Jenny's a beauty again! Nov.
Airline industry: The plight of American flag carriers, Jan.; And to the future, June; MAP creates more losers than winners, July; The Denver AWA conference, Aug.; The eighteen months that matter, Sept.; Airline performance 1966-1975, Nov.
Airlines: ONA celebrates bicentennial, Jan.; Those Flying Tigers, May; Aloha, the spirit of Aloha, Sept.
Airports: Mirabel: Montreal's bold new airport, Feb.
Air safety: Automatic performance reserve, Jan.; Defensive flight management, Feb.; Energy management approach, Feb.; TWA 514 . . . cleared for approach, March; Aviation's early warning system, April; Cutting the odds of survival, April; Report to the Federal Aviation Administration, Part I, April; Report to the Federal Aviation Administration, Part II, May; Bomb threat? Use sniffers, July; A rebuttal to "probable cause," Aug.; An air safety dialogue, Sept.; Pilot error by "design," Oct.; Probable cause: Pilot fatigue? Nov.; Thunderstorm low-level wind shear, Nov.; Why? Nov.
Air traffic control: Avoiding midair collisions, Feb.; Beaching the shrimp boats, March; TCA's and you, March; Tower of Babel, Aug.; Restructure the ATC system, Dec.
ALPA: ALPA's girl Friday, Jan.; Closing the safety circle, March; ALPA PAC, April; "Schedule with safety" is more than a slogan, June; ALPA wins its legislative wings, Sept.; An air safety dialogue, Sept.
Aviation history: Passengers away! Feb.; The mail goes through again, April; A look at the past. June; The day the *Macon* died, June; Aviation's mecca is a dream realized, July; Barnum would have loved it, July; Birthplace of American aviation, July; Gallery 102: The ultimate hangar, July; ALPA wins its legislative wings, Sept.; Solving the control riddle, Dec.
Aviation personalities: The magnificent old man & his flying machine, Jan.; Aviation decision maker: John L. McLucas, Feb.; Aviation decision maker: Rep. Jim Wright (D-Tex.), March; Aviation decision maker: Rep. Dale Milford (D-Tex.), May; Mr. Mac, Aug.; Pan Am's China man, Aug.; A salute to pioneer airline pilots, Oct.; Eight days east, Oct.; Howard Hughes (1905-1976); ALPA member, Oct.; A forgotten pioneer, Nov.; Aviation decision maker: William T. Coleman, Jr., Nov.; William Allan Patterson: Aviation's man of the year, Dec.
Education/training: Aerospace education: What is its value? Dec.; Come fly with us/photo essay, Dec.; Experience *is* the best teacher, Dec.
Financial planning: Bond news is mixed, June; Bonds-An investment alternative, June; Making savings "pay-off," June; Stock market outlook: Cautious optimism, June; Stock market outlook: Promising but vulnerable, June; The investment part of estate planning, Oct.
Fuel management: Hatching a leaner pterosaur, Feb.; Think fuel, save $$$, July; The high profile descent, Sept.
Government: Why our air stance wobbles, Jan.; Deregulation is a bomb! May; Who rules the air, States or Feds? June; Election year aviation issues, Sept.; Pilots voice deregulation view, Sept.
Hazardous cargo: STOP is still go, May; Killer cargo, Oct.
Humor: Dear ALPA, Jan.; A flight examiner's dream, Feb.; On where to settle after sixty, April, SQUAWKS, Aug.
International Civil Aviation Organization: ICAO's new home, Jan.; IFALPA's man at ICAO, Jan.
Pilot profiles: The many careers of Captain Meyers, Feb.; From right seat to front desk, March; Pilot's brainchild at 15, April; Drag boat pilot, May; Retirement: New lease on living, July; Lindsay Crawford races the clock, Aug.; Junk style living, Oct.; Jenny's a beauty again! Nov.
Research and development: The scissor wing transport, May; Boomless fast flight, July.
Space: Stardust to paydirt, Jan.

AIR LINE PILOT VIEWPOINTS

January: The 7X7 and the three man crew.
February: Executive branch labor problems.
March: Flight 514 and air safety (guest editorial).
April: A dubious aviation achievement.
May: Who says airline employes don't care?
June: Wanted: equitable treatment abroad.
July: Distractions in the cockpit.
August: RE: The Concorde decision.
September: ALPA PAC at work.
October: Why work for safety?
November: Upgrading the commuters.
December: "Sir, your printed matter is leaking."
